

IFIS 2025 Training Calendar

Why Training at IFIS is your Most Practical Investment Yet

Let's face it—most training programs promise the world but deliver little more than theoretical jargon you'll forget in weeks. At IFIS, we believe in *redefining training*. Our approach is rooted in one simple truth: **"Discere Faciendo" – Learn by Doing.**

We train to solve real-world problems, to empower professionals to think critically, and to arm them with skills that *actually work*. Our programs challenge the status quo, combining theory with hands-on application that transforms your knowledge into immediate results. Take time to explore your preferred course below and book in time to avoid disappointments.

	Date/Title/Venue
1.	Certified Fraud Examiner
	Date: January 18, 2025
	Venue: IFIS, Physical, Duration 4 weekends
	Overview: Master fraud detection and investigation techniques using practical case studies. Fees: USD 1,515
2.	Cybersecurity Essentials for Beginners
	Date: 20 -21 February 2025
	Venue: Hybrid (Both Physical and Virtual)
	Overview: This course explores cybersecurity concepts, the introduction, with practical exercises in securing IT systems. Fees: ugx.400,000
3.	Navigating the difference between fraud and money laundering
	Date: 21 March 2025
	Venue: Hybrid (Both Physical and Virtual)
	Overview: Through real-world case studies, participants will understand the challenges and strategies involved in combatting fraud and money laundering. This will cover the relationship between the two, relate global compliance frameworks to anti-financial crime effort and approaches to mitigating and detecting these crimes. Fees: Ugx. 350,000
4.	Penetration Testing
	Date: 10-11 April 2025
	Venue: IFIS, Physical
	Overview: This course provides students with an introductory understanding of penetration testing and ethical hacking. Penetration testing involves using defined methods to breach a system in order to determine if a system is vulnerable to attack and exploitation of valuable information. Ethical hackers expose vulnerabilities and determine whether unauthorized or malicious activity is possible and to what extent it could cause harm. Fees: Ugx.550,000
5.	Fraud Risk Management

	Date: 3 - 4 May 2025
	Venue: Hybrid
	Overview: With organizations losing an estimated 5% of their annual revenues to fraud, according to the <i>ACFE's Occupational Fraud 2024: A Report to the Nations</i> , the need for a strong anti-fraud stance and proactive, comprehensive approach to combating fraud is clear. This course will help organisations increase their focus on risk, they should take the opportunity to consider, enact and improve measures to detect, deter and prevent fraud. Fees: Ugx.550,000
6.	Threat Hunting
	Date: 19-20 June 2025
	Venue: Hybrid
	Overview: This course guides learners through the different phases of a threat hunt. Throughout this course participants will learn about the different types of cyber threats, how to conduct proactive threat hunting, and how to investigate/respond to potential incidents. Through skills-based labs participants will learn about the various tools and technologies used in threat hunting as well as how to use them effectively. Fees: Ugx.500,000
7.	Practical Digital Forensics for Beginners
	Date: 24 – 25 July 2025
	Venue: IFIS, Physical
	Overview: Hands-on evidence collection and analysis using open-source forensic tools Fees: Ugx. 600,000
8.	Investigation and Report Writing
	Date: 21-22 August 2025
	Venue: Hybrid
	Overview: Write impactful investigation reports based on real-world cases and simulated investigations Fees: Ugx. 600.000
9.	Data Protection & Privacy Training for Hospitals
	Date: 25 th September 2025
	Venue: Hybrid
	Overview: This course focuses on strategies for hospital-specific data protection practices to enhance compliance and patient privacy Fees: Ugx.250,000
